

Wuxi Little Swan Company Limited Report for the Third Quarter of 2015

October 2015

Section I. Important Reminders

The Board of Directors, the Supervisory Committee as well as all directors, supervisors and senior management staff of Wuxi Little Swan Company Limited (hereinafter referred to as "the Company") warrant that this report is factual, accurate and complete without any false record, misleading statement or material omission. And they shall be jointly and severally liable for that.

All directors attended the board session for reviewing this report.

Mr. Fang Hongbo, chairman of the Board of Directors, Mr. Sun Yunan, CFO, and Mr. Zhong Fangliu, chief of the accounting organ (chief of accounting), hereby confirm that the Financial Report enclosed in this report is factual, accurate and complete.

This report is prepared in both Chinese and English. Should there be any discrepancy between the two versions, the Chinese version shall prevail.

	The Company has formulated the Management Methods for Exchange Funds upon revolution of thoroughly assess and control derivative investment risks, which are detailed as follows: 1. Market risk	
	Fluctuations of exchange rates may incur a great market risk in the foreign exchange for business. Meanwhile, if the Company fails to input foreign exchanges on time for contexecution in the foreign exchange funds business, contract breach risk may incur. Counter-measures: The Company will not carry out speculative trading in its foreexchange funds business. And the Company will stick to the principle of being pruder operations. A from-the-bottom-up management mechanism is adopted. When subsidiaries product enterprises file applications for funds business, they will give a risk analysis conditions or circumstances that might affect gains and losses, estimate the maximum grand loss, and state the ratio or total amount of guarantee deposits they can bear. And	eign nt in es or s on gain
Analysis on risks and control measures of derivative products held in the reporting period (including but	Company will, according to their applications, update operations in time in its functions and make funds arrangements before the maturity date. 2. Operation risk	ınds
not limited to market risk, liquidity risk, credit risk, operation risk, law risk, etc.)	The Company may suffer loss in its hedging business and foreign exchange funds business to faulty internal procedures, staff, systems and external events.	ness
	Counter-measures: Responsibility division and approval procedures for the hedging foreign exchange business have been specified in relevant management rules. And a so supervision mechanism has been established. And operation risk can be effectively reduced by enhancing risk control over procedures for operation, decision-making and trading. 3. Risk concerning laws and regulations	ound
	The Company carries out its foreign exchange business in compliance with applicable land regulations, with rights and duties between the Company and agencies being strelearly. Counter-measures: The Company urges responsible departments to understand better aborelevant laws, regulations and market rules; be strict in contract re-checks; make clear relevant rights and duties; and enhance compliance checks to make sure that the Compan operates derivative investments in compliance with applicable laws, regulations and the	cated

	Company's internal management rules.	
Changes of market prices or fair values in the reporting period of the invested derivatives. And the analysis on the fair value of the derivatives should include the specific use methods and the relevant assumptions and parameters.	The Company adopts forward foreign exchange quotations declared by the People's Bank of China in its analysis on fair values of derivative products.	
Whether significant changes occurred to the Company's accounting policy and specific accounting principles of derivatives in the reporting period compared to the previous reporting period	No significant changes.	
Specific opinion from independent directors on the Company's derivatives investment and risk control	Independent directors of the Company believe that: The Company has formulated derivative investment rules such as the Management Methods for Exchange Funds to help it effectively control risks involved; the Company's derivative investments in the reporting period mainly targeted its exports. It signed forward exchange contracts with domestic financial institutions, which helped it to lock up the exchange rate and avoid the risk of exchange rate fluctuations. The Company conducted no speculative operations, so there was no credit risk. And transaction periods were determined according to expectations and payment receiving and making, with no influence on the Company's fluidity.
