Part III Significant Events

In the Reporting Period, the Company adhered to the development strategy of "Technology + Business + Industrial Parks", and focused on the three core businesses of "New Consumer

Electronics + Semiconductor + New Energy Technology" and the two supporting businesses of "Industrial Parks + Investment", so as to promote the concentrated, steady and high-quality development of the Company.

In order to continuously strengthen its competitiveness, the Company kept consolidating the threelevel R&D system of "research institute - key laboratory - product R&D center", and continuously strengthened R&D investment through independent innovation, external cooperation and technology introduction. In terms of the multimedia business, the Key Technology of Intelligent Terminal Integrating Information Equipment and Synergetic Interconnection of Beacon declared by the Company won the second prize of Guangdong Science and Technology Progress Award; APHAEA A6 Pro, a newly launched intelligent scenario screen, supports free screen splice in multiple proportions, and a variety of control methods, well satisfying the needs of users for crossecological scenarios. In terms of the white goods business, the Control Methods for Temperature Rectification of Air-cooled Refrigerator and the A Noise Control Method for Refrigerator Using Frequency Conversion Compressor won the Science and Technology Achievement Award of Henan Province; the newly developed air-cooled -86 °C cryorefrigerator for civil use opened up the market space of the Company's ultra-low temperature refrigeration products in such fields as medical treatment, military industry, scientific research and transportation. In terms of the semiconductor business, the Company is actively promoting industrialization. By now, the Company has built a whole-process mass production line for Micro LED and the Micro LED chip has begun to enter the stage of mass production, and Mini LED is ready for mass production. Additionally, Yancheng Semiconductor Assembly & Test Base has achieved batch shipment.

In the Reporting Period, the white goods business of the Company achieved countertrend growth in income scale through "Konka + Frestec" dual-brand operation and "refrigerators + washing machines + air conditioners + freezers + kitchen appliances" full-category layout. Affected by factors such as declining market demand, fluctuating raw material price and fierce market competition, the profitability of the Company's multimedia business decreased.
